15. <u>ADMINISTRATOR'S</u> REPORT

- a) Monthly Activity Report October 2018 (pg 30-33): Admin. Foell said this has been a busy month. The District was still working on the Electric Greenway Project, and the first community meeting will be in January 2019. This trail will be from Sunrise Marketplace to Wachtel. Director Stickney enjoyed the Halloween event. The tree lighting event is on December 7th.
- b) Update on the Land Swap with San Juan Unified School District (verbal): Admin. Foell will sign the final documents soon.
- c) Update on Sacramento Metropolitan Fire District Surplus Land
 Sale (verbal): Metro Fire's Economic Development Manager, Jeff
 Frye told the District that they were the only entity expressing
 interest in this sale of the fire station on Main Avenue. The
 District wanted to inquire into the sale to see if it would benefit
 the District.

17. NEW BUSINESS

MOTION #7

a) Public Hearing: Ordinance 18-11-003, Adopt Ordinance
Regulating Encroachments Upon District Property to be Included
in the Ordinance Code of the Orangevale Recreation & Park
District (pg 34-49): Admin. Foell summarized the ordinance and
its wording and gave an example of a past application within the
District. A resident had built a fence on park property and
negotiated with the District to pay a fee in order to revise their
fence line. He recommended the District adopt this ordinance.

The public hearing was officially opened and closed, with no public comments made.

On a motion by Director Montes, seconded by Director Swenson, the ordinance was approved by a vote of 5-0-0 with Directors Swenson, Brunberg, Meraz, Stickney, and Montes voting Aye.

Minutes, November 8, 2018 Page 3 of 7 There were no Abstentions or Nays.

MOTION #8

b) Public Hearing: Approval of the Orangevale Community Park Master Plan (pg 50-62): Admin. Foell noted that the Board has had several Board meetings discussing this topic, as well as community meetings and public outreach. He felt the District had received good feedback and some changes have been made as a result. Admin. Foell clarified that the current horse trails were not being removed. The District will be changing some accessibility aspects in the park to be ADA friendly. For example, a more accessible pathway will be built from Elm Avenue to the horse arena. One aspect of the plan is to have a trail and small parking lot near the horse arena to open more access to the interior of the park. Peter Larimer, the District's landscape architect, presented the Master Plan. He summarized the Master Plan objectives which included making a Master Plan based on community and Board feedback, a finance list to prioritize needs and wants of the community and District, and to provide pathways and playgrounds. The Oak and Filbert area will include a destination playground including fitness equipment, water spray park, shade structures, and additional picnic tables. This park area also included a new horse pathway and additional restroom. The Filbert Avenue nature area will have more developed natural trails and educational components. Oak Avenue nature area will be renovated in order to reactivate it as an educational nature trail and inviting part amenity. The horse arena will include an accessible route to the amphitheater and other nearby areas which would include a small parking lot and small one lane pathway. The playground would include logs and rocks and have more natural looking elements. The Elm Avenue entrance would provide a more accessible and safer route for school age students, in addition to ADA accessibility. The disc golf area included provisions for a parking expansion and new restroom. The tennis court will be renovated.

A question was asked about the play structure being so close to the horse arena and horse trails, and about the safety of the children being that close to the horses. Another attendee felt that putting horse trails and pedestrian and car pathways may be unsafe for the public, especially children. She also felt that the play structure was too close to the horse arena because it would distract the horses from being trained properly. Director Meraz recommended visual barriers around the horse arena. Director Stickney explained that this Master Plan will take years to complete, as money becomes available. Director Montes explained that ADA access was an important part of the plan. Several individuals discussed paving the Oak Avenue parking lot instead of using gravel. Admin. Foell noted that Oak Avenue was scheduled to be repaved in 2019, and he had requested the County also pave the park entrance.

The public hearing was officially opened.

A member of the public expressed that they were concerned about safety.

Dave Aguilar was concerned about safety at the horse arena. He also questioned as to why they want to attract more people, and he said he moved to Orangevale due to the ruralness of the area. The Board reiterated they were only wanting to make the park more accessible for ADA reasons. He recommended they pave less roads.

Susie Hurst said there were 5,000 horses in Orangevale, and there are no other areas where they can use their horses.

Patti Bell appreciated the Board's efforts and is interested in having the equestrian lifestyle at the park maintained.

Kris Ranallo felt this neighborhood was special, because of the ruralness and peace. She does not want Orangevale to become like Roseville.

Debbie Atabaha asked what it meant for the Board to approve the Master Plan. Admin. Foell said it meant to approve the concepts that were being discussed. In the future, the concepts would become more detailed before actually being done.

Kimberly Crocco was also concerned about safety of the public. She was pleased they were including equestrians in the park plans. She said the Oak and Filbert area was being utilized and did not need more tables.

Andrea Silva showed the Board a picture of her horse, River. She utilizes the horse arena and round pen to train him. She understood the need and want for the playground and ADA accessibility, but suggested it be done on the other side of the park.

Sally Crocco waived her request to speak. Caroline spoke, and was worried about the safety of children and horses interacting too closely together. A child may cause a horse to react in a dangerous way. She appreciates the plans being made but wanted to come up with a better solution to accommodate everyone.

Jalaina Ogden thought Orangevale was a great horse community and a combination of rural and urban. She also stressed safety.

Giovanni Cox appreciated the park but she was concerned about the roads and parking lots being recommended.

Nathan Beech, a landscape architect, said there was a flaw in the

Minutes, November 8, 2018 Page 5 of 7 plan because a horse facility should not be near a park. Horses, children, and cars do not interact well together.

Steve Grabenauer asked what the District would do if they had unlimited money to spend. Director Stickney would like to build a pathway from Orangevale to Folsom Lake.

Heidi Guirch had horses and ran a daycare. She felt putting a playground near horses could result in a bad situation.

Brittany Borsch was a member of 4H and stated they used the horse arena to improve their riding. She was concerned about young children riding horses, and horses being that close to children playing. There are also horse shows at the arena and they must provide available parking.

Mary Blue had a horse, and she entered the park near the proposed playground near the round pen. She added that she felt most of the Master Plan contained great ideas. She also commented that the sprinklers do not work in the horse arena.

Gail worked for Orangevale Happenings, and she felt the advertisement of the Master Plan was done well. She recommended the public attend more meetings.

Debbie moved to Orangevale because of the horse friendly community. She also walked dogs in the park, and she would like a designated space for off-leash dogs.

The Public Hearing was officially closed.

Director Meraz recommended to the public that they keep stating their opinion on wanting to remain a horse community. He reiterated that the Master Plan was a conceptual outline. Director Montes loved that Orangevale had a horse area and was an equestrian community. She felt they should find solutions to accommodate everyone's wants and needs. Director Swenson appreciated the public's comments and agreed they should not have a playground near the horse arena. Director Brunberg assisted in developing horse trails in Orangevale. She suggested the horse owners be responsible owners and only take the horses they know would be comfortable into certain areas. She felt the District facilities were not meant to be a training facility, but as a facility for the community to enjoy with their horses and to share with other community members. Director Stickney said the Board was interested in having trails and developing more trails to connect surrounding communities with Orangevale. Director Montes encouraged the attendees to attend more meetings.

On a motion by Director Brunberg, seconded by Director Meraz, the Master Plan was approved by a vote of 3-2-0 with Directors

Minutes, November 8, 2018 Page 6 of 7 Brunberg, Meraz, and Stickney voting Aye and Directors Swenson and Montes voting Nay. There were no Abstentions.

18. <u>DIRECTOR AND</u> STAFF COMMENTS

Supervisor Bain said they had a craft fair coming up soon, as well as the Polar Bear Plunge.

Recreation Supervisor Oropeza will be attending Maintenance Management School in Southern California.

Coordinator Woodford had 22 attendees in the travel program.

Director Stickney was pleased with the Halloween events. He thanked everyone, including Peter Larimer.

Admin. Foell spoke of the items for the next agenda.

Director Swenson thanked the staff for their hard work.

Director Montes appreciated all of the staff and their work.

Director Meraz was excited about the craft fair. He also talked about the issues involving electric scooters.

Director Brunberg heard more employees were participating in the high deductible healthcare plan. She also asked to have the sprinklers checked at the horse arena.

19. <u>ITEMS FOR NEXT</u> AGENDA

- a) County of Sacramento Hazel Avenue Sidewalk Improvement

 Project: The County was purchasing a piece of property and the
 plans will be submitted to the Board. He would like the Board's
 advice regarding fencing between the playground and bus stop.
- b) Disc Golf Pay to Play
- c) <u>District Finance Plan Options:</u> Annually in May, the Board had been updating their capital project list, beginning from the Master Plan in 2008.

20. ADJOURNMENT

MOTION #9

With no further business to discuss, the general meeting of the Board of Directors was adjourned at 8:30 p.m. On a motion by Director Brunberg, seconded by Director Montes, the motion to adjourn was approved by a vote of 5-0-0 with Directors Swenson, Brunberg, Meraz, Stickney, and Montes voting Aye. There were no Abstentions or Nays.

Mr. Eric Stern Chief Executive Officer Sacramento County Employees' Retirement System 980 9th Street, Suite 1900 Sacramento, CA 95814-2738

Re: Sacramento County Employees' Retirement System Seven-Year Projection of Employer Contribution Rates

Dear Eric:

As requested, we have prepared a seven-year projection of estimated employer contributions for SCERS. This projection is generally derived from the June 30, 2018 actuarial valuation. Other key assumptions and methods are detailed below. It is important to understand that these results are entirely dependent on those assumptions. Actual results as determined in future actuarial valuations will differ from these results. In particular, actual investment returns and actual salary levels different than assumed can have a significant impact on future contribution rates.

RESULTS

The estimated contribution rate changes shown on the next page apply to the average employer contribution rate for all of SCERS' employers in the aggregate. For purposes of this projection, the rate changes that are reflected are due to:

- (1) recognition of investment gains and losses under the actuarial asset smoothing methodology;¹
- (2) gains due to investment income earned on the excess of the Market Value of Assets (MVA) over the Actuarial Value of Assets (AVA) (and losses when the opposite situation occurs, i.e., when the MVA is less than the AVA);
- (3) contribution gains and losses which occur from the scheduled delay in the implementation of new rates until 12 months after the actuarial valuation date;

Benefits, Compensation and HR Consulting. Member of The Segal Group. Offices throughout the United States and Canada

As of June 30, 2018, there were \$128.9 million in net deferred investment gains.

- (4) impact of fully amortizing the Unfunded Actuarial Accrued Liability (UAAL) layer related to the 2010 Early Retirement Incentive Program for the Sacramento County Law Enforcement Managers Association (LEMA) starting with the June 30, 2020 valuation;
- (5) anticipated contribution increases which occur from the three-year phase-in of the impact of the new actuarial assumptions on the employer UAAL contribution rates starting with the June 30, 2017 actuarial valuation; and
- (6) subsequent contribution losses due to the three-year phase-in.

In preparing the above rate changes for the next several years, we have <u>not</u> taken into account the gradual savings in Normal Cost that would become available as active members in the legacy tiers are replaced by new members in the CalPEPRA tiers.

EMPLOYER RATE CHANGES FOR TOTAL PLAN

The following table provides the year-to-year rate changes from each of the above components and the cumulative rate change over the seven-year projection period. Again, due to the scheduled delay in implementing new rates, these rate changes will become effective 12 months following the actuarial valuation date shown in the table. To obtain the estimated average employer contribution rate at each successive valuation date (such as those provided for the "Total Plan" projection in Exhibit B4), these cumulative rate changes should be added to the average employer rate with the three-year phase-in, as found in our June 30, 2018 actuarial valuation.

The rate changes shown below represent the changes in <u>average</u> rate for the total plan.

EMPLOYER RATE CHANGES FOR EACH OF THE COST GROUPS

The rate changes for each of the Miscellaneous and Safety cost groups will vary depending primarily on the size of each group's assets and liabilities relative to its payroll. The ratio of each group's assets to payroll is sometimes referred to as the Asset Volatility Index (AVI). A higher AVI results in more volatile contributions and can result from the following factors:

- > More generous benefits
- > More retirees
- > Older workforce
- > Shorter careers
- > Higher funded ratio

Exhibit A shows the AVI for SCERS' cost groups along with the "relative AVI" which is the AVI for that specific cost group divided by the average AVI for the total plan. Using these ratios we have estimated the rate change due to these generally investment related gains and losses as provided in items (1), (2) and (3) of Table One on page 2 of this letter for each individual cost group by multiplying the rate changes in Table One for the total plan by the relative AVI for each cost group. The rate change for item (4) of Table One was allocated entirely to County Safety. After accounting for items (1), (2), (3) and (4), we estimated the rate changes related to the three-year phase-in in items (5) and (6) of Table One by allocating to the cost groups the actual contribution rate impact of the phase-in amounts for each of those cost groups. These estimated rate changes for each cost group are shown in Exhibit A. Finally, the cumulative rate impact of the changes for each of the cost groups are provided in Exhibits B1 through B3.

In developing the rates for the Miscellaneous cost group in Exhibits A and B, we have expanded the rates for that cost group to delineate between the different rates paid by the County, Superior Court and other District employers as those rates are presented in the June 30, 2018 valuation. Rio Linda Elverta Recreation and Parks District is not responsible for paying any changes in UAAL contribution rates due to deferred investment gains/losses and assumption changes identified in the June 30, 2017 valuation (i.e., a portion of item (1)). However, they are responsible for paying any actuarial gains/losses from all causes after that valuation (i.e., items (2), (3) and (6)).

Note that because we have <u>estimated</u> the allocation of the rate changes across the cost groups, the actual rate changes by group may differ from those shown in the exhibit, even if the plan-wide average rate changes are close to those shown above.

KEY ASSUMPTIONS AND METHODS

The projection is based upon the following assumptions and methods:

- > June 30, 2018 non-economic assumptions remain unchanged.
- > June 30, 2018 retirement benefit formulas remain unchanged.
- > June 30, 2018 1937 Act and CalPEPRA statutes remain unchanged.
- > UAAL amortization method remains unchanged (i.e., 20-year layers, level percent of pay).
- > June 30, 2018 economic assumptions remain unchanged, including the 7.00% investment earnings assumption.
- > We have assumed that returns of 7.00% are actually earned on a market value basis for each of the next seven plan years beginning July 1, 2018.
- > Active payroll grows at 3.25% per annum.
- > Deferred investment gains and losses are recognized per the asset smoothing schedule shown on page 6 of the June 30, 2018 actuarial valuation. Deferred investment gains and losses established before July 1, 2017 are funded as a level percentage of the System's total active payroll excluding the active payroll from Rio Linda Elverta Recreation and Parks District. Deferred investment gains and losses established after June 30, 2017 are funded as a level percentage of the System's total active payroll (including the active payroll from Rio Linda Elverta Recreation and Parks District).
- > The amount in the Contingency Reserves remains unchanged (i.e., the Contingency Reserve will not be restored to 3% nor will it be used to offset any future actuarial losses).
- > The Asset Volatility Index (AVI) used for these projections is based on the June 30, 2018 actuarial valuation and is assumed to stay constant during the projection period.
- > All other actuarial assumptions used in the June 30, 2018 actuarial valuation are realized.
- > The projections do not reflect any changes in the employer contribution rates that could result due to future changes in the demographics of SCERS' active members or decreases in the employer contribution rates that might be due to new hires going into CalPEPRA tiers as applicable.

OTHER CONSIDERATIONS

Finally, we emphasize that projections, by their nature, are not a guarantee of future results. The modeling projections are intended to serve as illustrations of future financial outcomes that are based on the information available to us at the time the modeling is undertaken and completed, and the agreed-upon assumptions and methodologies described herein. Emerging

results may differ significantly if the actual experience proves to be different from these assumptions or if alternative methodologies are used. Actual experience may differ due to such variables as demographic experience, the economy, stock market performance and the regulatory environment.

Unless otherwise noted, all of the above calculations are based on the June 30, 2018 actuarial valuation results including the participant data and actuarial assumptions on which that valuation was based. That valuation and these projections were completed under the supervision of Andy Yeung, ASA, MAAA, Enrolled Actuary.

I am a member of the American Academy of Actuaries and I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion herein.

Please let us know if you have any questions.

Andy Yeung

SUBJECT: PUBLIC HEARING: CONSIDERATION OF APPROVAL OF PAY TO

PLAY AT THE SHADY OAKS DISC GOLF COURSE

RECOMMENDATION

Conduct public hearing regarding consideration of approval of Pay to Play at the Shady Oaks Disc Golf Course.

BACKGROUND

Orangevale Recreation and Park District
Shady Oaks Disc Golf Course
Pay to Play Business Plan
1st Draft – 4/12/18 (Board Meeting) Black

2nd Draft – 10/4/18 (Ad Hoc Committee Meeting) Red
Updated 10/10/18 (Ad Hoc Committee Meeting Comments) Blue
Updated 12/07/18 (Board Meeting 12/13/18) Orange

Pay to Play at the Shady Oaks Disc Golf Course was initially discussed informally approximately five years ago when the District was considering possible solutions to the overflow parking needs at the disc golf parking lot. A lack of parking was observed at certain times of the week and during certain times of the year that required overflow parking on grass areas near the entrance to the park. These needs were greater on weekends and later in the afternoon during soccer and baseball season when the park was busy with both disc golfers and parents accessing the fields at Pasteur Middle School. The District conducted some initial research on Pay to Play at that time with the help of former Final 9 Sports owner Jim Oates. District staff determined not to pursue Pay to Play as a funding option at that time. This periodic need for additional parking has continued and the addition of other needs has caused the District to reconsider Pay to Play as a funding option. The other needs identified include renovating the bathrooms, addressing environmental challenges including tree pruning and erosion issues, and the potential positive impact of additional security and enforcement of park regulations.

The fact that Pay to Play is becoming a more accepted practice in areas like Southern California, the Midwest, and East Coast has also been a factor in reconsidering the option. There is one Pay to Play Disc Golf Course in Sacramento at the Sunrise Golf & Disc Golf Course in Citrus Heights, however, there are plans to close the course for development purposes.

In considering Pay to Play at the Shady Oaks Disc Golf Course, the District outlined the critical points to consider at the September 12, 2017 Board of Director's meeting. The Board determined to appoint an Ad Hoc Committee to investigate the logistics of considering Pay to Play. The committee met on February 2, 2018 and recommended to the Board that staff craft a community survey to gather information from the public and to draft a business plan discussing the major areas of the proposal. The Board of Directors approved the committee's recommendation at the March 8, 2018 meeting. The Ad

Hoc committee then met on April 4, 2018. The committee approved the survey instrument and recommended the survey, budget estimates, and business plan be presented to the Board of Directors. The Board considered the item at the April 12, 2018 meeting. The Board discussed the business plan, fee structure, and proposed budgets based on the level of fees collected. The Board increased the amounts for the annual passes. The survey language was approved, and staff was directed to distribute the surveys. The item was discussed again at the June 7th and July 12th, 2018 meetings and public comments were taken. The major objections to Pay to Play from the public hearings and surveys included: 1) Difficulty in insuring people pay considering how open the course is; 2) Precedence of the first Pay to Play course in the area and the potential for other courses to follow in the future; 3) The potential for club members to not be as actively involved in policing the course and completing projects for course improvement if they have to Pay to Play; 4) Pay to Play would eliminate those that couldn't afford to pay the fee; and 5) Could result in more course vandalism due to frustration with having to pay a fee; 6) Could result in patrons trying to play before or after Final 9 Sports hours of operation; and 7) Shady Oaks Disc Golf Club Members should receive yearly pass resident rates if Pay to Play is instituted. The advantages expressed were: 1) The fees collected would be accounted for in a separate "Enterprise Fund" exclusively for the maintenance, security, and improvement of the Shady Oaks Disc Golf Course; 2) Larger projects such as a new restroom and expanded parking lot along with smaller maintenance and improvement projects would be able to be accomplished over time; and 3) Additional resources would be available for course marshal's and a stronger police presence. Staff has prepared the following updated information for the Board's consideration.

The Ad Hoc Committee Meeting was held on October 10, 2018. The following is a re-cap of the meeting.

- a. Administrator Foell welcomed the twelve attendees and began by summarizing the history of Pay to Play to date and the reasons for considering establishing a Pay to Play at Shady Oaks. Reasons included; generating funding for development of the disc golf facilities, parking lot expansion, restroom renovations, environmental improvements, and marshalling/security at the course. He also noted the ongoing contribution of the Shady Oaks Disc Golf Club to clean, police, build, and organize various benefits.
- b. Administrator Foell reviewed the proposed budget, adding that Pay to Play cannot work unless Bruce and Jenny Knisley from Final 9 Sports the Disc Golf Course Concessionaire agree to increase their hours and staffing, accept revenue, issue passes, etc.
- c. A group discussion followed about the cost that other sports and activities pay to rent fields, the similarities and differences of their circumstances and how it related to our disc golf course and the potential for Pay to Play.
- d. Administrator Foell had everyone introduce themselves and share their connection and interest. The consensus was against Pay to Play, and most if not all agreed that the needs were real and something must be figured out to cover costs.
- e. Other fund-raising ideas were tossed out: pay for parking, bake sales, donation box, tee advertising, volunteer work days.
- f. Director Montes suggested Shady Oaks become a non-profit to allow them to apply for grants and scholarships. This would enable them to better collaborate with OVparks to complete projects.
- g. Director Montes recommended the Board cease pursuing Pay to Play and look at other avenues for acquiring resources for the desired projects.
- h. Administrator Foell summarized that based on the public that have participated in the Pay to Play discussion, the great majority have been against Pay to Play at the disc golf course. Administrator Foell then discussed how the idea originated including the need to have more park patrols to better control alcohol and marijuana use, and to finance large projects like the rest room and parking lot improvements which would be very difficult to fund in other ways. Also, that the high amount of foot traffic on the course continues to require more attention and resources to environmental issues.

- i. A comment was made that it's illegal to drink and smoke marijuana on the course and the increased fine due to the proximity of the school. It was suggested that this is the highest visited location in the District.
- j. Director Montes made a motion to recommend to the full Board to withdraw the proposal for Pay to Play for the Disc Golf Course and direct the District Administrator and staff to work with the Disc Golf Club and other members of the community to find alternative ways to meet the District's goals, which Director Meraz seconded.
- k. The committee moved this to the full Board for discussion and a vote at the December 2018 meeting.

Legal Authority to Charge Use Fees at the Shady Oaks Disc Golf Course

The District's attorney has provided the following description of the legal authority to charge use fees at the Shady Oaks Disc Golf Course:

Public Resources Code Section 5789.5 provides that:

(a) A board of directors may charge a fee to cover the cost of any service which the district provides or the cost of enforcing any regulation for which the fee is charged. No fee shall exceed the costs reasonably borne by the district in providing the service or enforcing the regulation for which the fee is charged.

Course Capital Projects and Course Administration Priorities

District staff has established five major areas of need at the disc golf course.

- 1) Construct an Additional 30 Parking Stalls (\$150,000)
- 2) Upgrade the Restroom to Four Unisex Stalls (\$150,000)
- 3) Environmental Improvements Defined Walkways on Fairways (1st 100 feet Off Tee Pads), Erosion Control, Tree Care/Pruning, Walking Bridges (\$25,000/yr.)
- 4) Create a Marshalling Program to Enforce Course Etiquette, Conduct Small Maintenance Projects, and Insure Payment (\$7,000/yr.)
- 5) Increase Police Patrols to Enforce Park Regulations and Better Control Alcohol and Marijuana Use on the Course (\$23,000/yr.)

1) Construct an Additional 30 Parking Stalls

Constructing additional parking stalls will provide the public with more adequate parking at the site, reduce impacts on street parking in local neighborhoods, and improve the aesthetics at the entrance to the course.

2) Upgrade the Restroom to Four Unisex Stalls

The current restroom was constructed over 35 years ago and is in need of upgrades.

3) Environmental Improvements

The course would benefit from several environmental improvements. Defining fairway walkways on at least six holes would reduce the wide foot traffic prints and allow more grasses and vegetation to gain a foothold improving both the look, feel, and erosion impacts on the course. Additional erosion control in the form of steps, barriers, etc. would provide more opportunities to establish grasses and vegetation and reduce erosion on the course. The oak woodland could use additional attention in the form of pruning out deadwood and planting and caring for young trees to insure the sustainability of the valuable resource. The addition and maintenance of walking bridges would add to the safety for participants and improving the environment by focusing foot traffic.

4) Course Marshalls to Promote Course Etiquette and Insure Payment

Course Marshalls would play an important roll in a Pay to Play system. Their responsibilities would include promoting players to follow course etiquette standards, conduct small course maintenance projects, and check to insure players have paid to play.

5) Security and Park Regulation Enforcement

OVparks contracts with the Fulton-El Camino Police Department to provide security/patrol services at District Parks in addition to the services provided by the Sacramento County Sheriff's Department. They are currently budgeted at approximately five hours per week. Budget constraints have limited the hours these services are utilized. Under Pay to Play the hours could be increased up to 8 hours per week at a cost of approximately \$23,000 per year. The park police enforce park and vehicle regulations.

Additional Items/Topics

Fee Structure

The fee structure proposed would include a choice for players to pay a daily fee from \$3 to \$5 per day or pay for a yearly pass that would have both a resident rate (from \$70-\$100/yr.) and non-resident rate (from \$130-\$150/yr.) A lost pass fee of \$25 would be charged for residents and \$50 for non-residents. Players 16 years of age or younger would be free of charge.

Auditing Financial Statements

The collection of daily receipts will necessitate a yearly audit and a strong method for accounting for the revenue collected. Numerically sequenced registration bands that can be matched to the number of paid patrons on daily reports appears to be the best method for tracking receipts. To have the auditor conducting the District yearly audit to include this in the scope of work is estimated at \$2,000 per year.

Pay to Play Program Administration

A challenge of the Pay to Play concept is the additional cost associated with collecting the fees. The yearly passes would be collected by the District Office and would add very little cost beyond the initial outlay for a photo ID machine and associated supplies (~\$3,000). Collection of the daily fees however, will require Final 9 Sports to be open for business for significantly longer hours and will necessitate them receiving an administration fee to compensate for the increased labor and logistics of administering the collection of fees. The cost for the additional hours and administration is approximately 20% of the fees collected.

Recommendation of Ad Hoc Committee

The Ad Hoc Committee voted to recommend to the Board of Directors to withdraw the proposal for Pay to Play for the Disc Golf Course and to direct the District Administrator and staff to work with the Disc Golf Club and other members of the community to find alternative ways to meet the District's goals.

Attached for review are four six-year budget projections. They vary based on higher to lower revenue projections.

RECOMMENDED MOTION

None. Motion determined after public hearing and discussion.

RESOLUTION NUMBER 18-12-611

RESOLUTION OF THE ORANGEVALE RECREATION & PARK DISTRICT ESTABLISHING CLASSES OF REGULAR EMPLOYMENT AND SALARY RANGES

WHEREAS, the ORANGEVALE RECREATION & PARK DISTRICT (the "District") a political subdivision of the State of California, and a recreation and park district formed pursuant to Public Resources Code Section 5780, et seq., is authorized to appoint the necessary employees, define qualifications and duties, and provide a schedule of compensation for performance of those duties pursuant to Public Resources Code Section 5786.1.

WHEREAS, all employees of the District are employed on an at-will basis, meaning that either party may terminate the employment relationship at any time, with or without cause, and it is not the intention of the District to alter that relationship by virtue of this Resolution;

WHEREAS, the District became a Participating Employer in the Sacramento County Employees' Retirement Systems (SCERS) on or about May 1, 1984.

WHEREAS, the District has entered into a Special District Agreement dated January 22, 1987 (the "Agreement") with the County of Sacramento (the "County") for the provision of health, welfare and retirement benefits to its employees as provided for therein; and

WHEREAS, Orangevale Recreation & Park District determined eligibility for employment benefits, including membership in SCERS, based on County of Sacramento practices that were formalized in a resolution passed by the Sacramento County Board of Supervisors on or about March 3, 1987, and the incorporated Special District Agreement, attached as Exhibit A to this resolution and incorporated by reference.

WHEREAS, On or about June 20, 2018, the SCERS Board of Retirement adopted a Membership Policy, attached as Exhibit B to this resolution and incorporated by reference.

WHEREAS, the District herby adopts the SCERS Membership Policy as of the date of this resolution and will henceforth rely on the terms of the SCERS Membership Policy to determine eligibility of District employees to become members of SCERS.

WHEREAS, the District has evaluated its current job classifications and determined which classifications are eligible for SCERS membership. Attached as Exhibit C-1 and C-2 to this resolution and incorporated by

reference is a list of all District classifications. Those classifications eligible and not eligible for SCERS membership are identified in Exhibit C-1 and C-2.

WHEREAS, the District feels it is in the best interests of the District and its employees to establish a basic compensation plan for all classifications of employment and to set forth the classes of employees entitled to health and retirement benefits pursuant to the Agreement; and

WHEREAS, this Resolution shall be known as, and may be cited as the "Salary Resolution of Orangevale Recreation and Park District".

NOW, THEREFORE, BE IT RESOLVED AND ORDERED AS FOLLOWS:

- <u>Section 1.</u> <u>Basic Compensation Plan.</u> The District hereby establishes a basic compensation plan for all employees in all of the classifications of employment as described in Section 3 of this resolution to be effective as of the date the resolution is adopted.
- Section 2. Definitions: The following terms as used in this Resolution shall, unless the context clearly indicates otherwise, have the respective meanings set forth herein. Words used in the present tense include in the future, except where the natural construction of this Resolution otherwise indicates. Words in the singular number include the plural, words in the plural number include the singular, and the word "shall" is mandatory and not directory.
- 1. "Class" means a position or group of positions having comparable duties, responsibilities and qualifications which have been approved as a class by the Board of Directors.
- 2. **"Class specification"** means the official description of a class including:
 - a. The title;
 - b. A statement of the duties and responsibilities; and

- 5. An employee who is eligible to waive, and has executed a valid waiver of SCERS membership.
- 6. An employee who is a retired member of SCERS and who satisfies the requirements of Government Code Section 7522.56 to serve a Participating Employer without reinstatement from retirement.
- 7. Specific classifications of employees not considered "regular" and/or "permanent" employees and therefore not eligible for participation in the District's health, welfare and retirement benefits are set forth in Exhibit C-2 and incorporated herein by this reference.
- <u>Section 5. Personnel Policies and Procedures.</u> All employees shall be subject to, and comply with the District's personnel policies and procedures as amended and revised from time to time by the District's Board of Directors.
- Section 6. Validity. If any section, subsection, paragraph, sentence, clause or phrase of this Resolution is for any reason held by a court of competent jurisdiction to be invalid, such decision shall not affect the validity of the remaining portions of this Resolution. The Board of Directors of the Orangevale Recreation and Park District hereby declares that it would have passed and does hereby enact this Resolution and each section, subsection, paragraph, sentence, clause and phrase hereof, irrespective of the fact that any one (1) or more sections, subsections, paragraphs, sentences, clauses, or phrases be declared invalid or unconstitutional.
- <u>Section 7.</u> <u>Implementation.</u> Unless otherwise indicated, all provisions of this Resolution shall become effective as of the date the resolution is adopted.

The District Administrator is authorized to create a table of class titles, pay rates and salary schedules consistent with actions taken by the Board of Directors authorizing such titles and rates of pay.

SPECIAL DISTRICT AGREEMENT

The conditions under which a district in the County of Sacramento would be allowed to participate in the County's Benefit Programs are as follows:

- 1. The district and all its employees are subject to the same eligibility requirements and all the general rules governing the County group health, life, and dental insurance plans. All coverages and options made available to County employees must be made available to district employees. The plan will cover only regular full-time and regular part-time (20 hours or more per week) employees. No temporary, seasonal, volunteer, or extra-help employees may be covered. The district and its employees are subject to these and similar rules in precisely the same manner as they apply to the County and its employees.
- 2. The district is required to pay at a minimum the following as an employer contribution on behalf of each eligible employee.
 - a. The employee only premium of the least expensive health plan other than the Sacramento County Catastrophic Health Plan.
 - b. The premium of the County Employees' Dental Plan.
 - c. The premium to cover Basic Life Insurance (first \$2,000 of coverage).
- 3. The district and its employees must be willing to accept any changes in the future. The County is obligated to negotiate the group insurance benefits and cost sharing with County employee organizations recognized to represent County employees. It is very likely that future changes in the plan will take place under conditions that will make it impractical for the County to consult or notify the district or its employees prior to the making of decisions to change the County plan. In other words, the district and its employees must be willing to accept whatever plans and arrangements are agreed to by the County and its employees. The only recourse would be to get out of the plans at some future date if the district no longer wishes to participate.
- A district must be a member of the Sacramento County Employees' Retirement Plan before being eligible to participate in the County's benefit programs. Districts who elect to participate in the Sacramento County Employees' Retirement Plan will be given a pre-employment physical examination by the County medical physician in the Employee Health Office of the Department of Personnel Management. The district will be required to reimburse the County for the full cost of the medical examinations. District employees will be subject to the same medical standards which apply to persons seeking County employment in a position with physical demands comparable to those of the job involved in the District. A separate agreement providing for such services including cost reimbursement between the district and County must be approved by the Board of Supervisors prior to the scheduling of the employee pre-placement medical examination, immunizations, or other medical services as agreed to.

SPECIAL DISTRICT AGREEMENT CONTINUED

- 5. Since it is a requirement that the district participate in all phases of the group insurance program under the same set of underwriting rules and to the same extent as applies to the County, it follows that district employees must be offered all lines of County coverages in order for the district to participate in any. If the district withdraws from any one of the County's insurance programs, the remaining programs will also be cancelled on the same date.
- 6. Districts are eligible to participate only if they keep their funds in the County Treasury and pay them through the County Auditor.
- 7. A district may not sponsor any other group health plan or medical, life, or dental insurance plan which is in competition with the plans offered under the County program.
- 8. A district with less than five regular employees is ineligible; a district may be required to provide evidence of insurability for certain plans.
- 9. A district that withdraws form participation in the County's benefit programs will not be eligible to participate in the programs for a period of 10 years from the withdrawal date.
- 10. The County will charge for all of the actual costs to administer the benefit programs on behalf of the district.
- 11. This agreement may be terminated by either the District or County upon thirty days' advance written notice served by the terminating party upon the non-terminating party.

This district understands the above conditions and agrees to abide by them.

MEMBERSHIP POLICY

| Revision Date: | Policy Number: | 800 |
|------------------|----------------|-----|
| Revision Number: | | |

PURPOSE

The purpose of this policy is to establish an employee's eligibility for membership in SCERS. Once approved by the Board, this policy shall be operative beginning January 1, 2019.

OBJECTIVE

The retirement and related benefits administered by SCERS are part of the comprehensive benefits package that Participating Employers provide for their eligible employees. SCERS benefit design and funding is structured for longer-term, career employees. Participating Employers have a variety of other types of positions for employing personnel on a non-regular part-time, temporary, seasonal, or intermittent basis. These employees typically work less than a full-time equivalent each year and are generally not employed long term in these "non-career" types of positions.

The objective of this policy is to ensure all eligible employees are properly enrolled in SCERS membership and provide for the exclusion of employees from SCERS membership while working in non-career positions for the same Participating Employer, and to clarify existing law under California Government Code Sections 31550, et seq. and SCERS regulations with respect to the persons who are eligible for SCERS membership.

DEFINITIONS

As used in this policy the terms below have the following meaning:

<u>Extra Help Employee</u> – An employee who is employed for a period of short duration, whether part-time or full-time, in a position which is either designated as extra help in the annual salary ordinance or publicly available pay schedule, or is not contained therein.

<u>Intermittent Employee</u> – A County employee who is not appointed to a permanent position and who is not a Regular Employee whose service is irregular, periodic, and recurrent at intervals not to exceed the full-time equivalent of nine (9) months employment in a year.

Non-Career Employee – For ease of reference in this policy, means a non-Regular Part-time, Extra-Help, Intermittent, Seasonal, or Temporary Employee as those terms are defined herein.

SCERS Policy No. 008 Page 1 of 4

<u>Participating Employer</u> – The County of Sacramento, the Superior Court in Sacramento County, and the special district employers that have taken formal action to provide the retirement and related benefits administered by SCERS to their eligible employees.

<u>Part-Time Employee</u> – An employee who is hired to work substantially less than 8 hours per day or 40 hours per week during the employee's period of employment.

<u>Permanent Position</u> – A position established in the annual salary ordinance or publicly available pay schedule, excluding a position established to accomplish a specific project which is limited in its duration.

Regular Employee – An officer or employee of a Participating Employer who occupies a permanent position established in accordance with the annual salary ordinance or publicly available pay schedule and who is assigned to work full-time or to work part-time for at least 20 hours per week (1,044 hours per year), or any elected official.

<u>Seasonal Employee</u> – An employee who is not appointed to a permanent position and who is not a Regular Employee whose service is irregular, periodic, and recurrent at intervals.

<u>Temporary Employee</u> – An employee whose appointment to a position is of limited duration for less than 1,566 hours per year.

<u>Year</u> – The twelve (12) consecutive months of a calendar year January 1st through December 31st.

POLICY

All persons eligible to be members of SCERS who have not executed a valid waiver of membership must be enrolled as members of SCERS, and persons ineligible for membership must be excluded from SCERS membership.

A. Mandatory Membership

A Regular Employee not expressly excluded from membership as provided in Section C of this policy shall become a member of SCERS on the first day of employment in a position requisite for membership.

B. Optional Membership

A Regular Employee first hired in a position requisite for SCERS membership after attaining the age of sixty (60) years may irrevocably waive membership in SCERS by submitting to SCERS within sixty (60) days of beginning employment a written and signed waiver of membership on a form prescribed by SCERS.

An elective officer may file a written declaration with SCERS to establish SCERS membership, which will be effective on the first day of the calendar month following the filing of a declaration. Within 60 days after the expiration of the elective officer's term of office or within 60 days after the officer ceases to hold the office, the officer

SCERS Policy No. 008 Page 2 of 4

may rescind the declaration and withdraw from SCERS membership, and all contributions paid by the officer as a SCERS member shall be refunded. Any elective officer who does not declare in writing his or her intention to become a member of SCERS as required by Government Code Section 31553 is ineligible for SCERS membership.

C. Excluded from Membership

An employee of a Participating Employer who is described by one or more of the following conditions is ineligible for membership and shall not be enrolled as a member of SCERS:

- 1. The employee is eligible to waive, and has executed a valid waiver of, SCERS membership.
- The employee is a retired member of SCERS who satisfies the requirements of Government Code Section 7522.56 to serve a Participating Employer without reinstatement from retirement.
- A Non-Career Employee hired with an agreement between the employee and the Participating Employer that the employee will work less than 1,566 hours per year.
- **4.** SCERS may determine an employee's eligibility for SCERS membership based on the actual number of hours worked by the employee.

APPLICATION

The governing documents in effect for a Participating Employer may establish a threshold number of hours worked per year at which a Non-Career Employee is eligible for SCERS membership, provided that the threshold hours for SCERS membership is less than 1,566 hours worked per year. The Participating Employer must notify SCERS in writing within 30 days of the date the Participating Employer modifies the threshold hours for SCERS membership for its Non-Career Employees.

Each Participating Employer is responsible for determining, in accordance with this policy, which of the Participating Employer's employees are eligible for membership in SCERS and is responsible for enrolling those eligible employees into SCERS membership.

A Non-Career Employee hired with an agreement between the employee and the Participating Employer that the employee will work less than 1,566 hours per year is properly excluded from SCERS membership.

If a Non-Career employee properly excluded from SCERS membership under Section C at the outset of employment actually works 1,566 or more hours in a year, the employee shall be enrolled into SCERS membership as of the employee's first working day of the calendar year during which the employee worked the threshold hours or more, and the employee shall continue as a member of SCERS for all subsequent service with that Participating

SCERS Policy No. 008 Page 3 of 4

Employer. The Board may consider whether an employee's work hours exceeded the threshold hours per year for SCERS membership due to administrative oversight.

SCERS may periodically review a Participating Employer's payroll practices as authorized by Government Code Section 31543 to assure compliance with this policy.

When a Participating Employer fails to comply with the requirements of this policy, the Board will exercise its discretion to decide an employee's eligibility for membership and determine an appropriate correction procedure based on the facts of each case.

BACKGROUND

The County Employees' Retirement Law authorizes a county retirement board to include in its regulations provisions for the exemption or exclusion from membership, in the discretion of the board, of "persons whose tenure is temporary, seasonal, intermittent, or for part time only, or persons whose compensation is fixed at a rate by the day or hour." [Government Code Section 31527(e)].

Chapter 3 of SCERS Bylaws contains broad provisions describing the employees who are eligible for, and those who are excluded from, membership in SCERS. More specificity is needed at the administrative policy level for Participating Employers to consistently and correctly apply the standards for SCERS membership to their employees.

This policy was established to clarify the SCERS membership standards, describe their application, and define the roles and responsibilities of Participating Employers and SCERS to ensure the membership standards are correctly applied, and provide for corrective action when necessary.

STAFF REPORT

DATE: 12-13-18

TO: Board of Directors

FROM: Greg Foell, District Administrator

SUBJECT: APPROVAL OF CLARIFICATION REGARDING THE DISTRICT HIGH

DEDUCTIBLE HEALTH PLAN EMPLOYEE PREMIUM PAYMENT

RECOMMENDATION

Approve the clarification regarding the District high deductible health plan employee premium payment.

BACKGROUND

At the October Board of Directors meeting the Board approved a policy to contribute a portion of the District savings associated with employees changing from an HMO health plan to a high deductible health plan to an employee's health savings account. During the District audit it was brought to staff's attention that the motion needed to make an additional statement for clarity. The October motion was approved as follows: "I move we approve the District contribute the savings associated with employees changing from an HMO health plan to a high deductible plan, to an employee's Health Savings Account (HSA) under the following schedule: District contribute 75% of its savings into HSA accounts for the first year an employee enrolls, 50% in the second year they continue in the high deductible plan and 25% in year three and thereafter that they are enrolled in the high deductible plan." The motion did not include a statement regarding an employee's benefit amount if a high deductible plan is selected. Staff is requesting that the Board clarify the District's benefit amount for employee's that select a high deductible health plan as follows.

I move that the District pay an employee's high deductible premium up to the amount approved each year for the family medical benefit.

This will clarify the policy in relation to the overall premium payment.

RECOMMENDED MOTION

I move that the District pay an employee's high deductible premium up to the amount approved each year for the family medical benefit.
